Maths	Can you hunt around your house for different representations of numbers? i.e. a pair of sock represents 2, perhaps the chairs around a table could represent 4 or 6? How many different representations can you spot?	Ask your grown up to go on to the topmarks website https://www.topmarks.co.uk/maths-games/3-5-years/shape-position-and-movement Attempt to play either the 'Shape monsters' or 'Shape patterns' game.	Download the White Rose 1 Minute Maths app. 1-minute maths app | White Rose Maths (whiteroseeducation.com) Click on the subitising icon once you have downloaded it and play games 5, 6 and/or 10	Ask your grown up to tell you a number between 1-5 (or go to 10) Place this number of raisins/fruit or cereal pieces on a plate. If your grown up says 'one more', can you add one more and say the number you have. If they say 'one less', can you eat one then count the number you have left?	You will need some dominoes for this activity. Make your own or print some from here: https://justfamilyfun.com/wp-content/uploads/2021/06/dominos.pdf Grown up to ask questions such as: What is the total number of spots on this domino? How many spots are at each side? What do the two parts of the domino make?
Phonics	See the weekly sheet sent home on a Friday				
Curriculum	Can you draw a picture to share information about a special celebration to you and your family? Have you celebrated bonfire night this year?	Do you know who is our current monarch is? Can you find out about him and his family? You could use dolls or teddies to represent the different members of the Royal family, or draw a picture of each of their faces!		Can you think about a sequence of events that needs to be done in a specific order? (getting dressed, baking a cake, brushing teeth) can you sequence the objects to show me the correct order or possibly draw pictures to show the different steps?
