PE Funding Evaluation Form

- Before you decide how you are going to use the funding for this 25/26 academic year you should reflect and evaluate the impact of your use of the funding in 2024/25.
- All spending of the funding must conform with the terms outlined in the Conditions of Grant document.
- The template is a working document that you can amend/update during the year.
- Based on your evaluation of last year's funding you should decide what you intend to do this academic year, how you will do it, and what impact you expect it to have.

It is important that the funding is used effectively and based on your school's needs.

- You must use the funding to make additional and sustainable improvements to the PE and sport in your school.
- You must develop and add to the PESSPA activities that your school already offers.

Summative digital reporting from June 2025 will continue to include swimming and water safety information therefore funding can be used to provide top-up lessons where necessary to ensure pupils meet national curriculum swimming requirements.

Review of last year 2024/25

What went well	How we know	What didn't go well	How we know
All of our children accessed outdoor education/forest school sessions during the year – this added to the amount of physical activity children received while also adding a broader range of activities for children to access.	Records of Forest School sessions Discussions with pupils and adults participating in sessions	The range of sporting extra curricular activities was not so extensive for our younger pupils	Records of events attended Targeted participation led by PE lead and teachers
All of our Y5 and Y6 children took part in extra curricular sporting activities.	Records of events attended	Our play leader scheme needs a more consistent approach to how it runs throughout the year and across the range of pupils delivering it	Observations of unstructured times of the day e.g. break and lunchtimes
The vast majority of our disadvantaged learners and those sometimes reluctant to engage with sport took part in extra-curricular sporting activities.	Records of events attended Targeted participation led by PE lead and teachers		
All teachers were able to observe sessions delivered by a sports coach which led to increased confidence in their own delivery of our PE scheme of work.	PE leader monitoring		
The Rushcliffe Sports Partnership and EQT sporting events enabled our children to access a wider range of sporting events	Records of events		
A full review of the 24/25 funding allocation is available on our website in the form of documents taken from the online funding submission
